# FEBRUARY MEETING HIGHLIGHTS

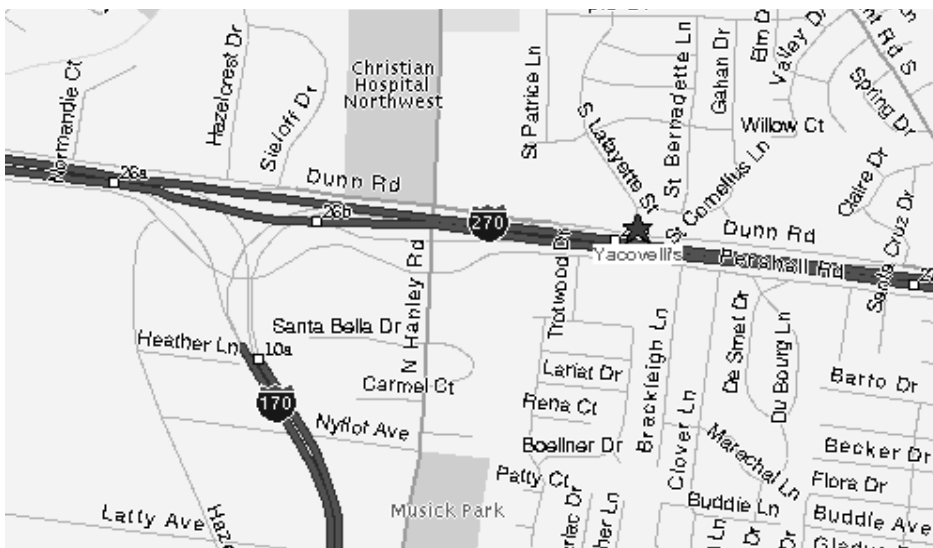

## Emergency Department Patient Throughput Team St. Anthony's Medical Center in St. Louis, MO A 2005 Missouri Team Quality Award recipient

St. Anthony's Medical Center is a 767-bed comprehensive healthcare complex in St. Louis County, whose primary focus service lines include Orthopedics, Cardiology, Neurosciences, and Emergency Services. St. Anthony's 43-room Emergency Department is among the busiest in the state, treating nearly 70,000 patients annually. Supporting St. Anthony's Medical Center's mission, vision, and strategic plan, the chief hospital officer appointed a multi-disciplinary team responsible for reducing length of stay in the Emergency Department (ED) for patients requiring hospital admission. Timely patient placement was selected because it directly affects quality patient care, patient safety, and patient, physician and employee satisfaction.

## SSM St. Joseph Health Center/St. Joseph Hospital West A 2005 Missouri Quality Award Recipient

St. Joseph Health Center is licensed for 365 beds, and is located in the eastern portion of St. Charles County. SSM St. Joseph Hospital West was built in 1986. It has 88 licensed beds, and is located in the western portion of St. Charles County. SSM St. Joseph Medical Park, located in the central portion of St. Charles County, opened in 2003. SSM St. Joseph's primary service area encompasses all of St. Charles County, and its secondary service area includes both Warren and Lincoln counties. St. Joseph's award is Missouri's equivalent of the Malcolm Baldrige National Quality Award for an entire organization.
